2.The Cloud Pak for Data System web console displays the storage details.

The screenshot shows the IBM Cloud Pak for Data System web console. The breadcrumb navigation is "Home / Resource usage / Resource usage details". The main heading is "Resource usage details". There are two tabs: "Software" and "Hardware", with "Hardware" selected. Below the tabs, there is a section titled "All nodes" with a sub-heading "Last updated: Today, 5:04:12 PM". A legend indicates: Selected hardware (blue square), Total used (light blue square), and Total available (grey square). A donut chart titled "Storage" shows 1% usage, with the text "430.00 GB/57344.00 GB" below it. Below the chart is a search bar labeled "Find hardwares". At the bottom is a table with columns "Hardware", "Role", and "Storage".

| Hardware | Role | Storage |
|------------------|---------|--------------|
| enclosure1.node1 | Control | 123/10240 GB |
